ASLEEP ALREADY!
IT CERTAINLY WORKS
LIKE A CHARM!

FOR THE

WEEK

SEPTEMBER

24 THROUGH

30, 1970

THIS PROGRAM GUIDE is mailed out each week to those who support us to the tune of \$15 a year (regular) and \$7.50 for nine months (students or microbiologists) or \$1 a month for the needle-heads who can't keep their books straight. Allow a few weeks for the KTAO computer to digest your check --- and the beauty of you sending money in out of the blue. EXTRA COPIES OF THIS GUIDE are available at 5 University Avenue, Los Gatos for distributing to would-be subscribers, neighborhood dogs, and those bizarre people next door who stay up all night to fight. And so loudly, too. PROGRAMS LISTED HEREIN are but a small part, a mere wrinkle on the god-flesh, of the programs going out from 95.3, and deluging the Santa Clara Valley with rock and blues and classical and ethnic and occasional surprising live concerts. However, we do try to limit the days to classical and ethnic, and the evenings to blues and jazz and folk.

SPECIAL PROGRAMS COMING UP IN OCTOBER: Last week, we sent letters to every candidate from the four parties for governor, Lt. governor, secretary of state, controller, U.S. Senator, representative (10th & 9th District), State Senate (14th District), Assembly (22nd & 24th District), and land commissioner---offering them a half-hour's free interview. These programs will start coming up October 2nd. The interview will be sharp and intelligent, trying to wade through the usual 20 questions type non-interview favored by the three minute programmers.

CARELESS ABOUT "B.O."!
GOT ONE MAN ALREADY
WITH THAT FAILING....

GOD AND APPLE-PIES

The nice man who built the nice house I live in now was nice enough to build a nice Pippin apple tree next to the house. Which means that the

lawn is now carelessly littered with shiny green bodies, turning yellow-brown as the sunset. It also means that between twelve and fifteen times a night I wake up to the avalanche sound of apples going "bonk" and "bump" on the tin roof then, a moment later, "glunk" on the ground outside. And there they lie, a-mouldering in the grass, and the Okies were right---the fruit does just fall off the trees in California, and just lies there to fertilize the tree for next year.

Mrs. J. B. Kontos
of Illinois

I got a special feeling for the apples on the roof, going bonk on the roof --- because last week a special curse was laid on me by one of the disgruntled members of the community of God, who felt that I had slighted him in some way. And to this day (four days later) I can remember him shouting at me on the telephone: "May the curse of God fall down on you. May the Lord rain down his vengeance upon you." And everytime I wake up and hear those goddamn apples bouncing on my roof, I think that maybe the Hailstones of Heaven have descended, and that, indeed, it may be time for me---dishevelled in my nightshirt with bad breath---to meet my Maker.

There is nothing more righteous than an angry Jesus-bitten religious freak. Because you know that they have the whole bloody weight of heaven, hell, Ishmael, the Reverend Billy Sunday, and the 20th Century Reformation Hour on their side. And there is nothing worse than a man who uses God for both a shield and a goad, to find himself goaded with the same tool.

But it is a superb defense; and it does rankle. When faced with a man who has donned the cloak of righteousness---pull on the same cloak yourself.

In debate with a Jesus-freak, remember:

5

1) *Most people who are passionately religious (militant, humorless, "bible-beating") are thus because they are profoundly insecure. And the place they are most insecure is in their own Jesus-ness.* Therefore, in argument with them, you must point out repeatedly that it sounds to you that they have not been truly saved. The opportunity to bring this up will come up early and often, for they will ask you: "Have you been washed in the Blood of the Lamb?" The response to this (always) is "Of course." For, if you say "No," then you will have to contend with the condescension that is equal to what most Blacks have to put up with.

Once it has been established that you have been truly Saved (in your own eyes), then you are free to point out that your opponent has apparently embraced False Gods to his breast, and---indeed---might be a slavey to the devil.

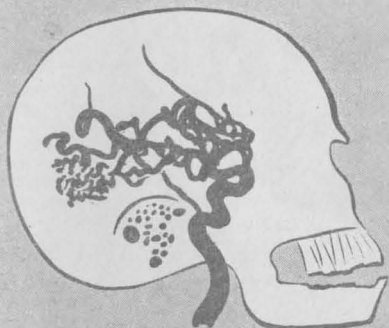

2) *In all debate with religious nuts, your best friend is the Bible. There are some superb passages, which will confound the most well-versed Fundamentalist.* The book of Job is a must in background for such arguments. For instance, watch a True Believer wrestling with the fact that Job was stricken with such blights, pain, and poverty merely because God and the Devil had a little betting game going as to the

faith of Job. And, equally as important, both God and the Devil knew the outcome, anyway.

Another good one is The Song of Solomon---being some of the

finest poetry written in this or any other age. The fundamentalist will try to pull on you the statement that The Song is about married bliss. Which is hokum. The Song is a paen to raw naked beautiful black sensuous love: all in the praise of God. It drives the Puritans wild. They

BOY, DID I SLEEP LAST NIGHT! AND DO I FEEL LIKE A MILLION THIS MORNING!

6

really hate talking about it. It's so...so, well: UnChristly. That anyone could love God and the body! (By the way---most Fundamentalists are really Old Testament Jews. Rather than seeing the New Testament as an evolution over a crueler, less humane past---they try to pretend that parts of the new words don't even exist. For instance, when you ask them how about "Thou shalt not kill" --- they will point out that in the original Aramaic, the word 'kill' referred solely to treatment of brothers and neighbors, not strangers. They ignore later teachings on the same subject in the New Testament.)

3) It is always good to bring the argument around to an apparent need for the Servants of God to lay in a bundle of money and possessions for themselves. If you are dealing with Mormons, for instance, ask them about the profits of Bonneville International, the...uhm...financial wing of the church, with 4 AM stations, 5 FM stations, and 2 TV stations --- all militantly commercial, and all hauling in a considerable amount of money. Catholics tend to be a bit sensitive about the treasure-troves of the Vatican -- as anyone who has written publically on the subject can testify to. American religion has a strange Calvinist sense: and that is, those who make a bucket while going to their businessmen's prayer brunches and their plastic Sunday services are, indeed, being rewarded by a benign God, who sees the best way to reward True and Loyal Religious Devotion is to declare a few extra dividends to His Most Loyal Followers, to make their time here on earth a little more palatable before they get into The Real Paradise. The corollary to this is that the starving and dirty Indians, Mexicans, and Blacks are starving and dirty because they haven't yet latched onto The True Faith. Not only are they lazy and shiftless, but their religious practices are a bit off base. They haven't learned Real Prayer yet.

MEBBE IT WILL

BUT HERE AH GOES

7 kinds of stains discolor teeth — *Colgate's removes all seven*

GO RIGHT ahead, Sambo! Sink those Givories in that luscious watermelon.

"Sure it'll stain your teeth, Sambo. But so does *everything* else you eat—and drink! All told, your three-meals-a-day leave 7 different kinds of stains on your teeth.

"But *you* should worry! For Colgate's removes all 7 stains—leaving your teeth beautifully clean—a pleasure to behold."

And that's where Colgate's has a big edge on other toothpastes. Colgate's removes *all 7 stains*.

Know why? Because Colgate's has *two* cleansing actions where most toothpastes

have only *one*. And oh! how those teeth of yours need BOTH actions.

For all stains will not yield to *one*—and if you don't remove them all, they gradually build up, dulling your teeth, clouding their natural brilliance.

So get a tube of Colgate's Ribbon Dental Cream and try it. The *emulsi*ve action will dissolve and wash away some of the stains that food and drink leave on your teeth. The safe, gentle *polishi*ng action will remove the stains that are left.

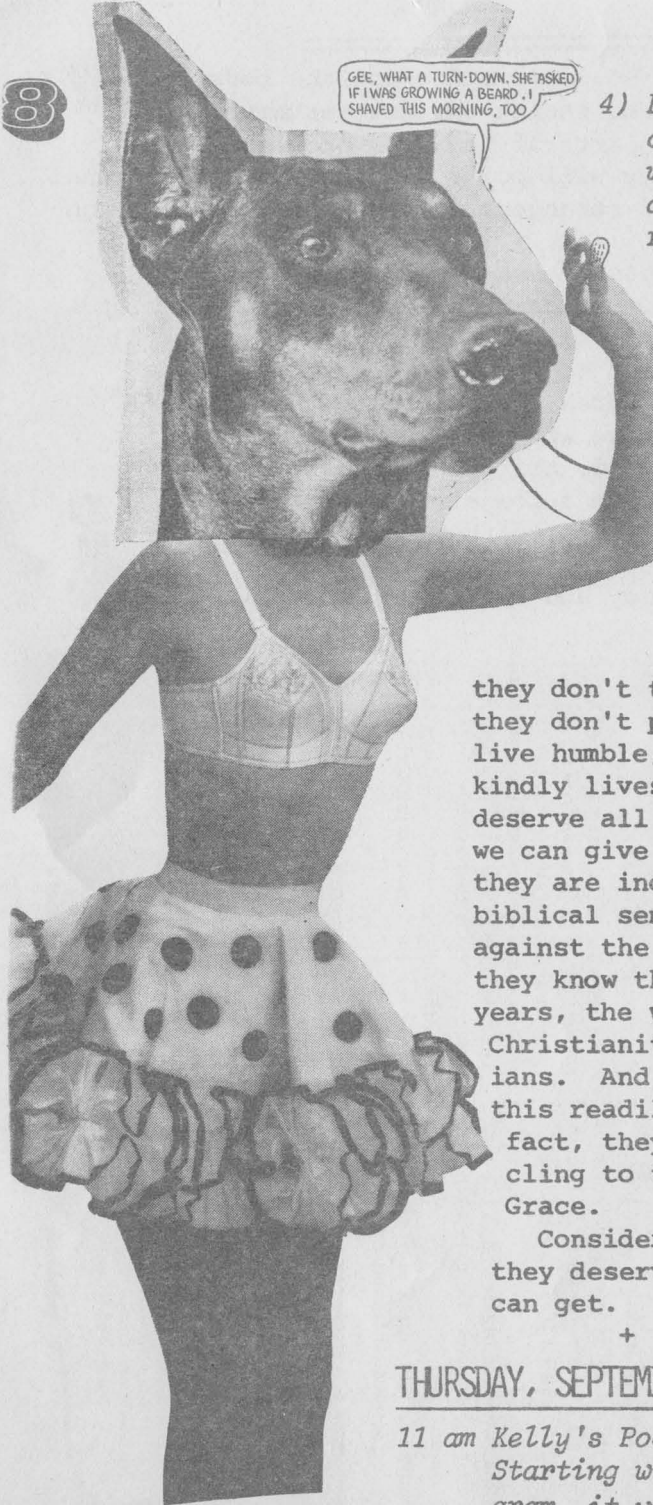

At the end of 10 days, look in the mirror—and see the best-looking teeth you've ever owned.

4) Finally, take care of those who have the addiction of religion--- and for whom it is a real and honest experience: they are as rare as jewels in a sty, but they do exist. They carry all those Christly virtues with the proper humility,

they don't try to convert, they don't preach, they live humble, rewarding, kindly lives---and they deserve all the warmth we can give them. For they are indeed, in the biblical sense "kicking against the pricks;" they know that for 2000 years, the worst enemy of Christianity is Christians. And yet, despite this readily apparent fact, they continue to cling to their Hope and Grace.

Considering the odds, they deserve all they can get.
